## My journey....

Namaste / Vanakkam, My sincere thanks for reading the last three e-newsletters released by the Siddhargal Thiruvadi Seva Trust and all of them were very happy and congratulated me on the phone and encouraged me.

Last week, I had a chance to meet a friend of mine. I am sharing with you the lessons, I learned from him as his experience. A friend went to see a reflexologist for treatment. The therapist appeared to be around 65 years old and very experienced. In general, it is natural for the therapist to know about past ailments and medications taken for the treatment. Thinking like that, my friend also started explaining to him in detail about his past heart disease. From his heart disease in 2014 to 2023, he was telling the details of the medicines he was taking continuously, what kind of medical tests were taken and the current status of those tests (Medical Lab Test Status).

Then the friend told the therapist that before his heart disease, he used to do excellent business, now he has stopped it and for the last 3-4 years he has been doing spiritual service for his soul satisfaction. Immediately, the therapist interrupted and asked him, why the god, you worship gave you heart disease? Ok. Why didn't the God who gave the disease, heal the disease completely in the last 10 years? He said.

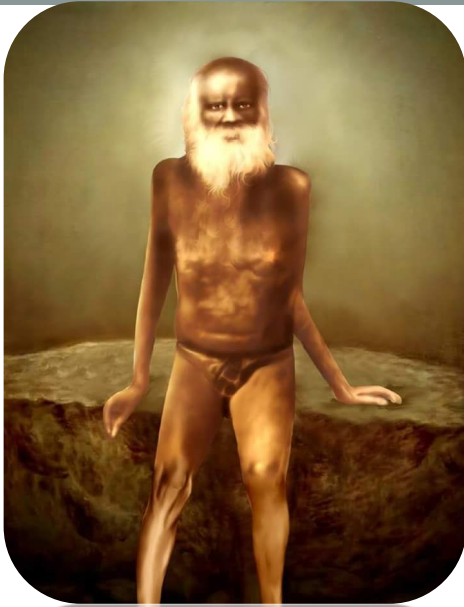

Only then did the friend realize, that he was a complete atheist. After that, he took a picture of Lord Murugan in a newspaper in his hand bag and threw it down and said, I don't believe all this (how did the newspaper with Lord Murugan picture come into his God hating hand bag? Not only my friend, I also did not understand).

Immediately, the therapist thought himself that he was a great intellectual being and was vomiting all his knowledge to my friend in the hope that they would listen to whatever he had to say to the sick people who came to him, his misunderstandings of Conscious Mind, Sub-Conscious Mind etc. For that, my friend, if I start giving the real answer to your words, your mind will be troubled, so we will see the remedy only, so the therapist understood the situation. My friend also ended the conversation, not wanting to degrade himself from that person.

This is how some people, without knowing why we were born in this world, what are the birth tasks of our own life. Some groups of idiots graze spirituality and science and spoil others, without knowing how to live. Don't sacrifice your life in the name of correcting them. Even fools can be corrected but these half-boiled fools cannot be corrected. We should stay away from them with caution. I will travel with you again with interesting experience in the next post...

Sincerely – Yours  
Siddhargal Thiruvadi GUNNU

## **POTTI SIDDHAR (ALIAS) BRAMMAHNANDHA SWAMIGAL**

After Kumbakonam as the "City of Temples" in Tamil Nadu, no other town can be mentioned except Kanchipuram. Kanchipuram is a city with so many temples, followed by Kamachi temple, Ekambareswarar, Vakarutheeswarar, Kailasanathar, Katchabeswarar, Varadaraja Perumal, Chitragupta and Sanjeevarayar can go on and on. Along with the temples, there are many jeeva Samadhis of Siddhas here. Poda Sami (a) Sivasamy Siddhar, Kaduveli Siddhar, one of the eighteen Siddhars, Govindasamy Siddhar, Asthalinga Siddhar in that order we will see about the life history of Potti Siddhar (alias) Brahmananda Siddhar.

### **Adolescence Life**

Swami was born on the eleventh day of Chiththirai month, Thursday, in the year 1824, in the name of "Potti Chettiar" to the couple of Muthu Chettiar and Podiyammal in the village Muthialpettai, about 5 km from Kanchipuram city. Like all children, Swami attended school with great enthusiasm, and that too was possible only for some time. Later he started his family business of weaving. Potti Chettiar's interest in taking bath, wearing Tiruneer and Shiv Puja every morning and evening on everyday. Although he had read many books, he had an insatiable love for the book "Ozhivil Odukum" and recited the whole book day and night, and always remained in that thought. Because of this, Potti Chettiar was understood to have attained spiritual maturity.

### **Marriage Life**

Child marriage was flagging in the eighteenth century. On that day, our Potti Chettiar's family married off a girl who had not reached puberty. After two years of his marriage, his wife was attained puberty. Then, as per the tradition of the day, the "Shanti Mugurtha" preparations were going on in a haphazard manner. When all the preparations were done, the bridegroom was looked for. Potti Chettiar went into Shanti Mukurtha's room and immediately left the room after seeing the bride.

### **A broken first night**

The bridegroom, who had left the room on the first night, was nowhere to be found even though his parents and relatives had searched the entire town. Still, even at dawn, everyone was searching. But early in the morning, everyone was horrified to see Arulmiku Sri Prasanna Venkatesa Perumal in a state of deep meditation under a mahua (ilupai) tree near Melkodi on Senior Road in kanchipuram.

The parents were afraid of his future home life that Potti Chettiar, who should be immersed in a life of pleasure after the first night, was meditating like a preacher with his eyes closed. The appearance of the groom in the groom's posture, leaving all his clothes in a bare state, left everyone in awe. The worry of what we are going to answer to the parents or the female family is different.

### **The story of Potti Chettiar becoming "Potti Siddhar".**

Swamiji wandered here and there like a madman, oblivious to anything that was happening there. His parents and relatives tried hard to change his mind, but to no avail. All efforts were in vain. Even though they are acting like a bad person in the eyes of everyone. Self-enlightened "Paramananda Sorupiyai" was wandering here and there in the streets. Once, when the Englishman of that day was riding a horse as a sub-collector, Potti, who was wandering with piece of cloth (Govanam), raised his hand to hit Siddhar with a bamboo stick. Then not only Englishman but all the people of the place got scared and started feeling the glory of Swami. After Englishman apologized, his hand returned to normal. From that day Potti Chettiar was celebrated by the people as Potti Siddha.

## Enlightenment

It is impossible to specify the location of the Swami and he resides wherever he appears. He would ask for the required amount of food and eat it. He never wears any clothes other than a piece of cloth (govan) in between. Swamiji walks daily without washing his head after bathing in the nearby canal and pond. Most of the days he stayed at the Asthalingaswamy Mutt in Ayyanpet. There, many people were frightened to see that sometimes his body parts were divided into nine separate parts (Navkanda Yoga). Many are amazed to see his bodies join together after a while. Siddhu game Potti Siddha has a habit of blowing his nose. If the devotees hold out the powdered bat to Swami, he will take only a pinch and leave. If someone gives you a whole bat, he will take only a pinch and throw away the rest. She entered many shops and would like to pick up rice and peanuts and put them in her mouth. At that time, if he saw any child on the street, he would give whatever he had in his hand to that child. Shops that take it like that will have a huge business on that day.

## Maha Samadhi

Seeing Potti Siddha's state of Brahmananda, Sivanatis, Sidthanadis and monks would worship him. There are many people who get wealth and wisdom in the lives of those who worship him. In the year 1915, on the 29th day of the month of Chitra in the Rakshasa year, on Revathi Nakshatra, the Swami had a meal in a house on Pattalam Street in Chinna Kanchipuram. As there was a delay in cooking the food, they have given the already existing kitchen utensils. After eating it, he bathed in the nearby Devaraj Swami pool and kept fast under a nearby tree. Swami became perfect in that state.

## Samadhi Temple

All the people of Muthialpet village were anointed from Little Kanchipuram to the Asthalinga Swami Mutt in Ayyanpet, then a place was chosen in Pushpa Pallak in Muthialpet, a small temple was built at Muthialpet, Kanchipuram, Swami was cremated under the mahua (iluppai) tree, and a Shiva linga was consecrated there. Every year Maha Guru Puja is held for Swami in Revathi Nakshatra in the month of Chitrai. Coming 06.05.2024 Chitrai Monday 23rd day Swami's 109th Guru Puja is going to be celebrated very grand manner. Siddhar Thiruvadi Seva Trust requests you all to participate in this Guru Puja ceremony and receive the blessings of Potti Siddha.

## SIDDHAR'S SONG

“என்னிலே இருந்த ஒன்றை  
யான் அறிந்தது இல்லையே  
என்னிலே இருந்த ஒன்றை  
யான் அறிந்துகொண்டபின்  
என்னிலே இருந்த ஒன்றை  
யார் காண வல்லரே  
என்னிலே இருந்திருந்து  
யான் உணர்ந்து கொண்டேனே.”

- சிவவாக்கியர்

“Something that was in me  
I didn't know  
Something that was in me  
After I found out  
Something that was in me  
Who can see?  
From me, I realized.”

- Sivavaakya

## Meaning:

I did not know before that the Lord is the One Reality within me. I have come to know that it is within me by searching many places, reading good books, associating with good people, and through the good Gurunath. Who is able to know the life within him and see the essence within him. Knowing the truth that was in me and meditating on it, I realized that truth.

## LIVING SIDDHARS

### Nellore Baba (alias) Egmore Baba

Popularly known as Nellore Baba or Egmore Baba, this living Siddhar is giving darshan and blessings to all of us from both places at Egmore and Nellore. Many of the Siddhas who live normally are in a conscious state, and the average person like us has no chance to know the secret of their birth philosophy. That's why the next moment we see them, we immediately jump to a conclusion that they are mentally ill or insane. The living conditions of the siddhas we saw, studied and heard in the

Kridhayuga, Tredhayuga and Dwaparayuga are different, and the status of the siddhas living in the Kaliyuga is different. If we all understand that, spirituality will be very easy for us to understand.

Ok, Let us see about Nellore Baba. He is a very simple person to look at. With a long beard, he naturally conversed with us in the local dialects of Tamil and Telugu. Feel free to tell them your grievances. He will tap a place on your body, especially on the back, like a part of Varmakalai. It can be an event that destroys or neutralizes your karma.

He does not accept any money from anyone for his spiritual service. If you kindly buy him something to eat from a nearby tea shop, he will eat half of it and return the rest to you as prasad. Siddhargal Thiruvadi Seva Trust prays for you to visit him at the following address and get his blessings.

## MAHAN SRILASRI PADAGACHERY SWAMIGAL

### Incidents of the dead coming back to life

Mahan Sri Padakacheri Ramalinga Swamigal was well versed in Alchemy and Navakanda Yoga. When immersed in a state of deep meditation, the limbs of the Gnana Siddhas are divided into nine separate parts. This is known as Navakanda Yoga. Patakacheri Swamikal took the small stone in his hand and covered it and then turned it into gold and Navaratnam. It has been confirmed by many that he has been seen in two or three places at the same time. The people of Patagacheri town show evidence that two or three dead people have come back to life in Patagacheri village and this incident is not a story but a fact. He saved those who were on the verge of dying due to the severity of the disease, so much so that even the doctors were amazed by his power of penance. Then they lived for many years with good health.

### Rice porridge is a heart attack remedy

An ardent devotee of Padakacheri Swamigal, Mr. Ramasamy Pillai had a heart attack around 1930. The most famous doctor at that time was Dr. Guruswamy Mudaliyar, Dr. N. S. Narasimha Iyer and orthopedic specialist Mr. After Ramasamy Pillai's treatment, the doctors advised him not to move even a little. Sri Padagacheri Swami, the son of the devotee who came to the house, gave him hot porridge to drink and ordered him to get up and walk. Incredibly, Mr. B Ramasamy Pillai recovered from his heart attack and is back to normal.

### The magic of disappearing deadly disease

Mr. A. G. Chamanna was a very wealthy man in Bangalore, who ran a wholesale cloth business. He was suffering from an incurable disease and spent days in the grip of death. Even the great doctors gave up on him as he could no longer survive. At that time, Mahan Sri Patagacheri Swami suddenly called Mr. Chamanna visited the house. After rubbing his body with his hands without any medicine mantra the

sickness started to subside little by little. He fully recovered and lived for many years afterwards. Abandoning his business altogether, Mahan united with Sri Patagacheri Swami and remained an ardent devotee of the Swami until his death in 1949.

### Devotees send Bhairavas (Dogs) to see Swami

It is customary for Swami to stay in one place and from time to time go to many cities including distant places and return. Also no one knows about his travel details. Swami is very devoted to his devotees. So if anyone wants to meet him when he is not in town, he will ask any Bhairav (dogs) wandering the streets to inform him. In some critical times, when devotees want to meet Swami, they would ask a stray dog to bring it, and after a while, Swami would appear in front of the devotees with the same dog and ask, "Have you called?"

### Why didn't the train run?

Before 1947, during the British rule, Swami was staying at Lakshmana Iyer's Coffee Hotel. Tanjore to Tiruvarur train ready to depart from Needamangalam railway station. At that time, a large number of preachers boarded the train for the Nagore festival. Railway officials let everyone off the train as no one had bought a ticket in that train.

Then no matter how hard the train driver tried, the carriage did not move an inch. The train, which had been running in good condition so far, was not moving smoothly. A railway employee who came to know the reason ran to the railway officials and told them that this was because the preachers had been dropped and took them to a nearby coffee shop and stopped them in front of the Swami. The officials then apologized to the Swami, took all the monks into the train, seated the Swami in the first class, and immediately after waving the flag, the train continued its journey towards Nagore.

### Swami's spiritual and medical service

Swami stayed for many years at Padagacheri Mutt and performed Bhairava Pujas, meditation, almsgiving and medical work there. From time to time, he used to go to distant places like Kumbakonam, Thanjavur, Vadalur, Chellagurkee and was involved in temple repairs, Kumbabhishekam and Annadanam. He got the rich people to become spiritually inclined and involved in the Lord, and through their financial support and influence, he used to do alms donations and temple renovations.

We will see more Sidhu games of Mahan Sri Patagacheri Swami and the miracle that took place in Kumbakonam Sri Nageswaran temple in Kumbabhishekam in the next issue...

## DONATE FOR LAND (BOOMI THANAM) TO SHIVA TEMPLE

If you read the inscriptions of other temples in Tamil Nadu, you will understand the long history of the respective temples. The kings dynasty of Chera, Chola, Pandya lineage who ruled Tamil Nadu took the charitable deeds they did during their lifetime to this world through inscriptions. All the charitable deeds they did were dedicated to the Lord.

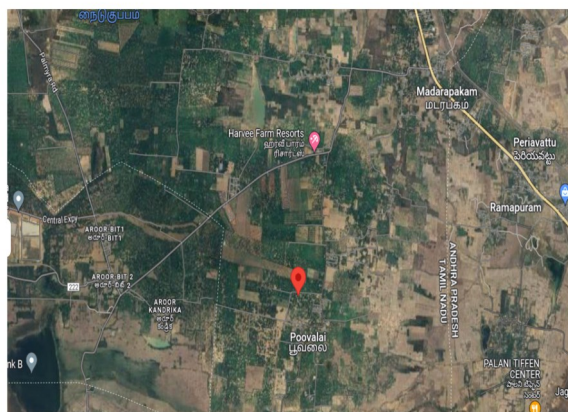

They made many donations in the form of gold donation, soil donation, food donation, and material donation to the Cow donation (codhanam). Their souls will be synchronize as Moksha (veeduperu) together with the Lord.

Along with the kings, the citizens also donated the necessary items to the temple directly or indirectly and received the blessings of the Lord. Through this donation, he got absolution from the sins of himself and the sins of his family members in all seven births.

The Siddhargal Thiruvadi seva Trust continue to make efforts to acquire the sacred land for the Siva temple with 18 Siddha Beethas and a huge temple to be built on behalf of the Trust. For the past 2 months, it is proposed to identified the location for temple in Kanchipuram and Thiruvallur districts. Each donor of the trust can donate the amount of land through the bank account of the trust based on their economic capacity. The donation you send is Income Tax exempt, as per Income Tax Act Rule 80G.

All the members of the Siddhar Thiruvadi Seva Trust should come together and try to build this huge temple. Also, the names of all the donors, who donated for land towards the construction of this temple will be engraved on the front of the temple on behalf of the Siddhas Thiruvadi Seva Trust, so that their names will be engraved with a long inscription and their fame will remain forever.
